

CALNCALL FAX

Prepared by : Naveen

Date : 10th July 2017

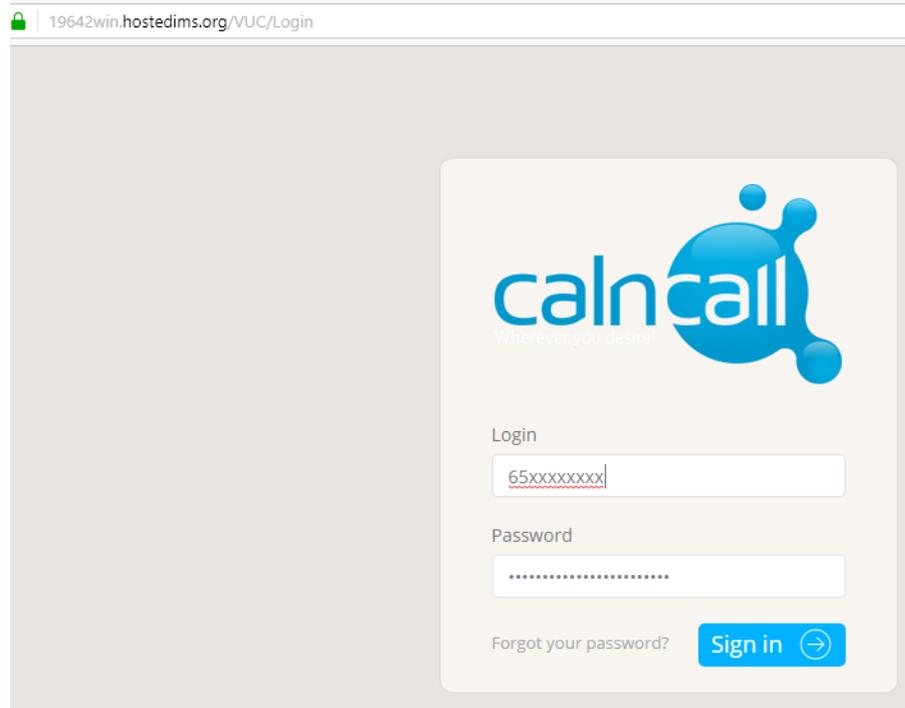

Version : 1.1

Outgoing FAX

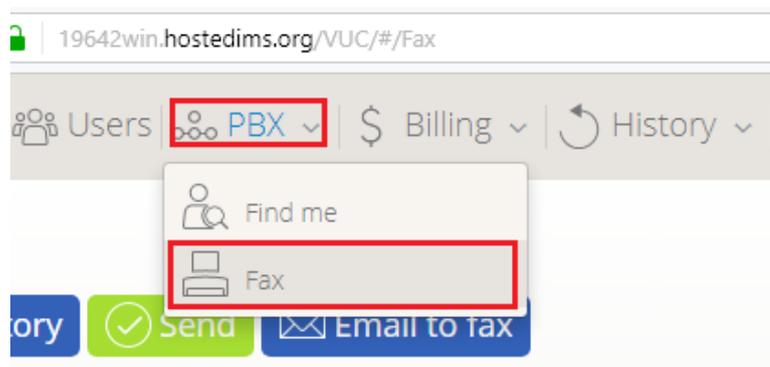

Step 1: Login to fax portal <https://19642win.hostedims.org/VUC>

Username: 65xxxxxxxx

Password: xxxxxxxxxxxxxxxxxxxxxx

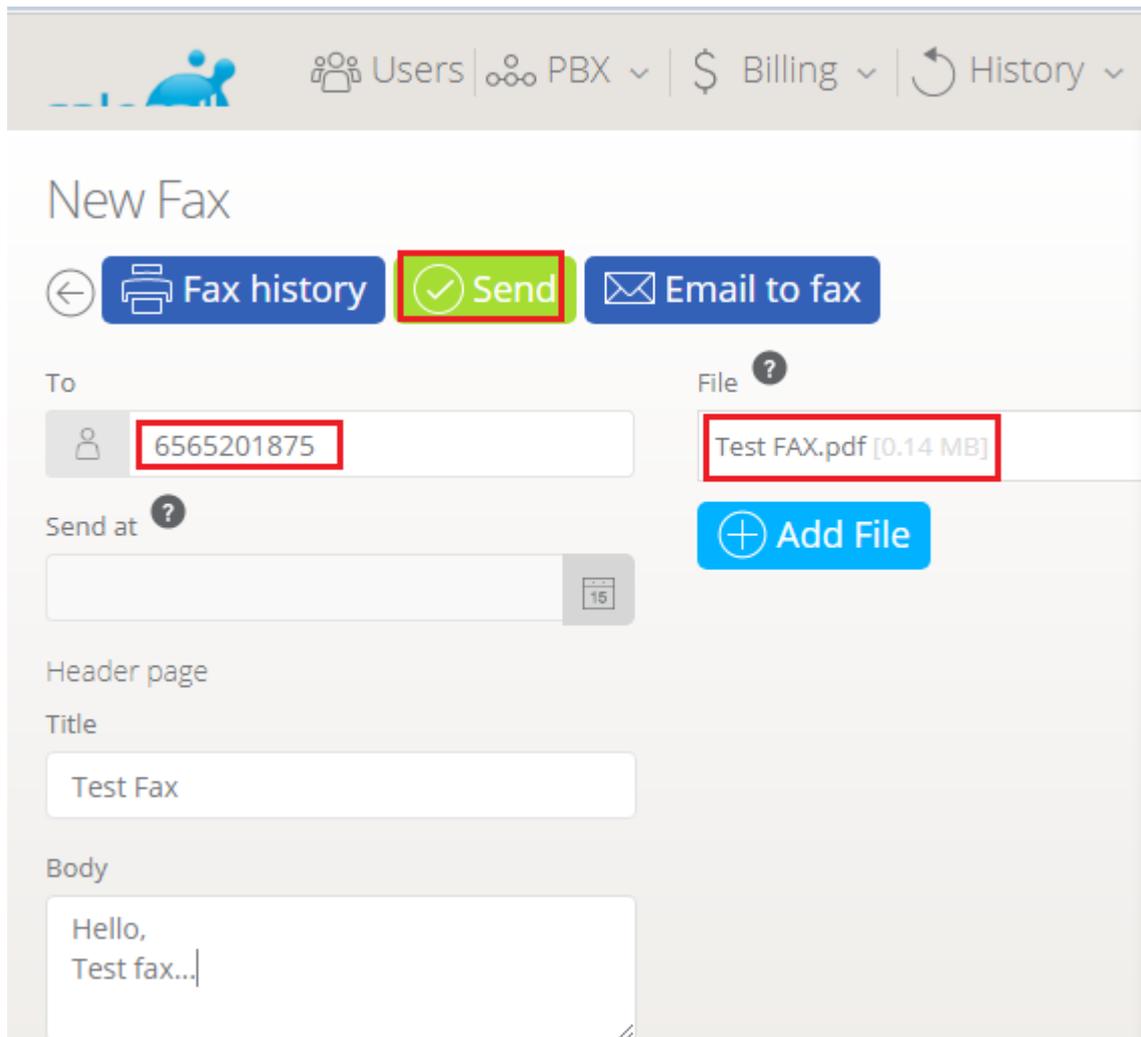

Step 2: Then go to PBX → Fax

Step 3: Enter destination fax number with prefix “65” and then attach the fax file as shown below. After that click “send” button.

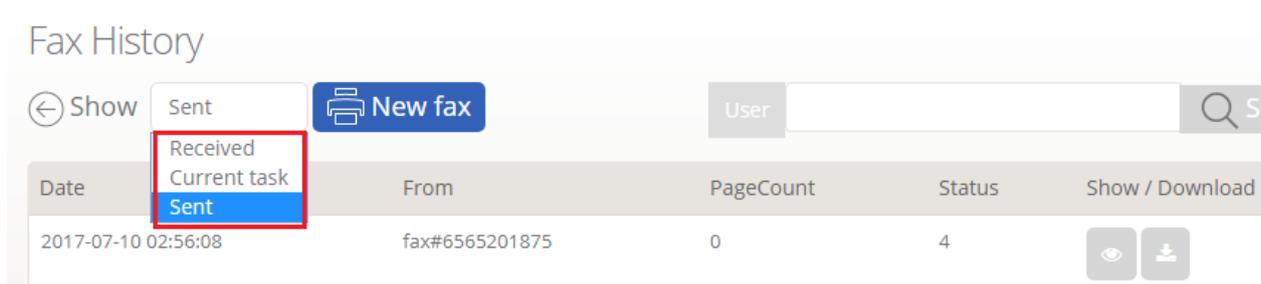

Supported format: pdf, jpg, png & bmp

Optional: title and body text

The screenshot shows the 'New Fax' interface. At the top, there are navigation links for 'Users', 'PBX', 'Billing', and 'History'. Below the title 'New Fax', there are three buttons: 'Fax history', 'Send' (highlighted with a red box), and 'Email to fax'. The 'To' field contains the number '6565201875' (highlighted with a red box). The 'File' field contains 'Test FAX.pdf [0.14 MB]' (highlighted with a red box). There is an 'Add File' button below the file field. The 'Send at' field is empty. The 'Header page' section has a 'Title' field with 'Test Fax' and a 'Body' field with 'Hello, Test fax...'. A calendar icon is visible next to the 'Send at' field.

Step 4: After few mins we can see the fax status on “Fax history”

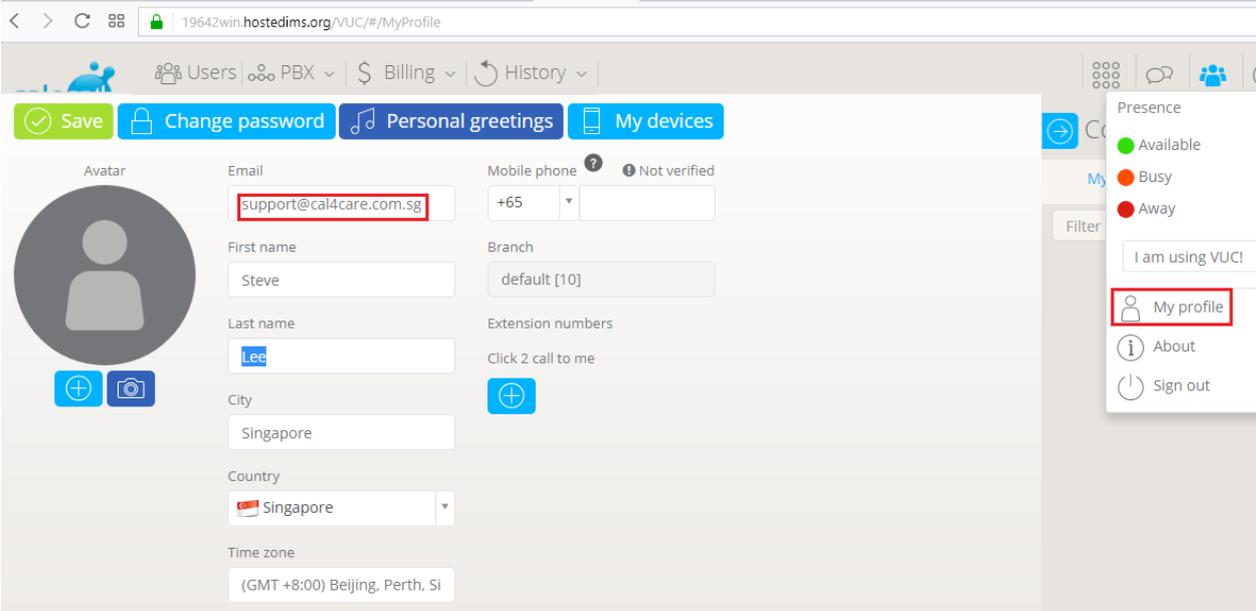

The screenshot shows the 'Fax History' table. At the top, there are buttons for 'Show', 'Sent' (highlighted with a red box), and 'New fax'. There is a search bar for 'User'. The table has columns for 'Date', 'From', 'PageCount', 'Status', and 'Show / Download'. The first row shows a fax sent on 2017-07-10 at 02:56:08 to fax#6565201875, with 0 pages and a status of 4. There are icons for 'Show' and 'Download' next to the row.

Date	From	PageCount	Status	Show / Download
2017-07-10 02:56:08	fax#6565201875	0	4	 

Incoming FAX

Step 1: Need to enter the email address to receive incoming fax as shown below.

Go to My Profile → update email and user details
